

MADGE SEXTON KINDERGARTEN

QUALITY AREA 2: CHILDREN'S HEALTH AND SAFETY

Policy 5: Incident, Injury, Trauma and Illness

Rationale:

The centre will plan for and respond effectively to accidents and medical emergencies. The health and safety of children in education and care services is the responsibility of all approved providers and educators. Policies and procedures (including documented records) must be in place to effectively manage the event of any incident, injury, trauma and illness that occurs in the program by law. Young children's innate desire to explore and test their growing capabilities is essential in developing wellbeing. Educators must consider the understanding of all of the elements of wellbeing, and ensure that programs also acknowledge the importance of risk management to provide a safe environment and reasonably protect children from potential harm.

Aims:

Our care and education service will:

- Develop program goals that promote the wellbeing of each child;
- Establish procedures and practice that minimise the risk of harm to children;
- Maintain communication with families to ensuring that they are informed of any incidents, injury, trauma and illness to their child/ren as required;
- Ensure that records of any incident, injury, trauma and illness are documented, transmitted to the Department of Education and Communities as required and kept in storage according to regulatory requirements; and
- Ensure that this policy is implemented in conjunction with our Emergencies and evacuation policy.
